Raised bottom track

Recessed bottom track

## Features

- Special reinforced series made from thermally broken aluminum and quadruple gasket.
- Thermal insulation values (Uw) as low as 0.271 BTU/(hrft<sup>2</sup>°F), depending on the glass used.
- Glass panels up to 9.84' height, 3.94' wide and 287 pounds weight. Possibility of adding reinforcing profile for glass panels up to 14.76' height and 440 pounds weight.
- Super slim profiles, meeting leaves just 4" (5-11/16" with reinforcement column).
- Available with 1-9/16" gaps for the incorporation of 1-1/4" double glazing.
- Leaves can open inwards or outwards.
- Fitted with horizontal and vertical glazing beads.
- Includes U-shaped compensation profile to correct minor misalignments.
- Optional incorporation of standard handles, business-type handles or three-point bolt locks.
- Accessories are available in black.
- Available with lacquered finishes in the classic RAL color range, anodized or decorated with a wood-grain effect.
